During this sixth year of activity, Caisse Française de Financement Local also acquired nearly EUR 3.4 billion in loans from La Banque Postale, through four transfers. Since 2015, the SFIL/LBP system has been recognized as the largest source of financing for the French local public sector.</p> <p>With four transactions completed in 2018 for EUR 3.8 billion, SFIL’s export credit activity continued to grow – by 46% relative to 2017 (also four transactions, for EUR 2.6 billion). SFIL strengthened its position as the leading liquidity provider in the French export credit market.</p> <p>The plan to extend the benefit of SFIL’s export credit refinancing system to guaranteed loans for projects of strategic interest for the French overseas economy was announced in March 8,</p>

	<p>2018. The decree governing credit insurance and the finance law relating to the enhanced guarantee came into force in December 2018. The aim is to complete the authorization process allowing SFIL to use this new procedure in 2019. The plan to extend SFIL's export credit activity to this new guarantee will enable France to offer a financing tool comparable to the best foreign equivalents, in line with the practices observed in major exporting countries, particularly in Asia.</p> <p>Five new banks signed the "SFIL Protocol" in 2018, bringing the number of partner banks to 25 and thereby ensuring an established relationship with almost all banks active in the French export credit market.</p> <p>In 2018, SFIL carried out four refinancing transactions in the fields of energy, infrastructure, defense and cruise liners, for EUR 3.8 billion.</p> <p>In total, since 2016 SFIL has refinanced more than EUR 7 billion in 10 transactions representing EUR 12.6 billion of export contracts with 15 banks, thereby supporting 8 exporters. For the second consecutive year, SFIL was the sector's leading provider of liquidity, with a market share of more than 40%</p> <p>To ensure the effectiveness of the refinancing system, SFIL maintains an ongoing relationship with the main French exporters, providing assistance with these early stages. On their request, SFIL issues letters of interest in their commercial offers to accompany Bpifrance Assurance Export's letters of interest. SFIL issued six such letters of support in 2018, bringing the number of letters provided since the activity's launch to 23, for 13 major exporters.</p> <p>In 2018, the SFIL Group raised EUR 6.9 billion in the bond markets. The year was marked by further diversification of the Group's access to the market, with the wide recognition of SFIL as a euro and US dollar issuer to French agencies and CAFFIL's frequent activity as a leading covered bond market issuer. SFIL also continued to refinance itself through short-term issues in the money market. Lastly, as part of the implementation of the SFIL Group's social and environmental policy and in order to further diversify its sources of financing, CAFFIL announced a social covered bond public issue project, which was implemented in February 2019. This issue, which is intended to finance investments by public hospitals, is the first step in the SFIL Group's strategy of increasing its use of "social" and "green" bond issues.</p> <p>In 2018, SFIL continued to develop its franchise</p>

	<p>in the French agency market by building its reference curves in both euros and US dollars. It accordingly tapped the public primary market twice in 2018 for a total of EUR 1.85 billion, with a first issue of EUR 1 billion over 8 years in February and a second of USD 1 billion over 3 years in June. These two successful transactions both raised the SFIL Group's profile as an issuer to the French agencies segment and broadened its investor base. At the same time, in February 2018 SFIL raised additional liquidity on one of its euro denominated reference issues through a EUR 200 million tap transaction. SFIL's total bond outstandings came to EUR 4.9 billion as of December 31, 2018.</p> <p>In 2018, SFIL actively pursued its issuance of debt securities with a maximum one year maturity under the Negotiable European Commercial Paper programme it launched in 2015. SFIL's Negotiable European Commercial Paper outstandings totaled EUR 647 million as of December 31, 2018.</p> <p>As of December 31, 2018, the financing that SFIL received under the loan agreements with its shareholders amounted to EUR 1.1 billion for Caisse des dépôts et consignations and EUR 0.8 billion for La Banque Postale, representing an overall decrease of EUR 2.3 billion compared with December 31, 2017.</p> <p>On November 15, 2018, in line with the project to create a major public sector financial hub revolving around CDC and La Poste, the French government and Caisse des Dépôts announced that they had entered into discussions with a view to transferring control of SFIL to Caisse des Dépôts. This operation will contribute to the ongoing streamlining of the organization of public financial institutions in the service of France's regions, by merging them into the CDC Group. SFIL's shareholder base will remain – as today – fully public. Its shareholders will ensure that SFIL's financial solidity is preserved and its economic base protected, and will continue to provide it with the support it needs, in accordance with the applicable regulations.</p> <p>This change in shareholder structure is expected to take place at the same time as the changes to that of La Poste and CNP Assurances.</p> <p>Following the discussions announced on 15 November 2018, the French Government, CDC and La Banque Postale announced on 9 October 2019 the signing of an agreement in principle for the transfer of majority of SFIL's capital to CDC. On completion of the transaction, which should occur during the first quarter of 2020 (subject to</p>
